

JumpWorks LLC Inflatables Rate Sheet

Explanation of Payment Options

When paying the Daily Rental Fee, the rented inflatable will be set-up and dismantled by JumpWorks at the times specified in the event contract.

The Daily Rental Fee is for a consecutive 6-hour period. Additional time is available.

An attendant charge of \$20 per hour will be applied to each hour the inflatable is rented should an inflatable attendant be necessary or requested by the renter.

With the Pay-by-Jumper option, event attendees will be charged per 10-minute jump session. Event organizers will provide a capable volunteer to oversee use of the inflatable or the \$20 per hour attendant charge will be applied for a trained JumpWorks employee.

All payment methods are pursuant to the conditions set forth in the JumpWorks LLC Event Contract.

Rates are negotiable should your organization commit to multiple events or book multiple inflatables for the same event.

If no payment package is suitable, please contact JumpWorks to discuss additional options.
